

ZUH is considered one of the leading hospitals as we have become pioneering the role of health care since the early seventies.

In addition to providing 24 hours medical services at the highest standards by the latest techniqualed medical equipments, ZUH plays a very important role in raising medical awareness.

Our medical services cover the entire sharkia governorate and extend for the east delta and Sinai.

ZUH is the back bone of medical education for faculty of medicine students from all over the globe.
